MONDAY THE DAY

The Crisis In the Big Strike Will Likely Come Then.

A WASHINGTON RUMOR

One Man Killed and Ten Shocked By Lightning Near Munfordville Yesterday.

THE DAWSON HOTEL INCORPORATED

CRISIS MONDAY.
Pittsburg, Pa., July 20.—The crisis in the big strike between steelworkers and mill owners comes Monday when the combine attempts to start up the plants at Wellsville and McKeesport with imported men.

A RUMOR REVIVED.

Washington, July 20.—The recently denied rumor that Senator Blackburn was to wed a distant relative, Miss Blackburn, in September, is again revived.

KILLED BY LIGHTNING.

Munfordville, Ky., July 20.—James Price was struck by lightning at a wheat threshing near Bonnieville and instantly killed. The farm hands were badly shocked, one of them fatally.

HOTEL INCORPORATED.

Frankfort, July 20.—The Dawson Springs Hotel company has been incorporated with J. W. Hamby and others incorporators.

A FEUD ECHO.

Hyden, Ky., July 20.—Farris Feltner killed Sharon Ross in a street duel. They were opponents in the French-Eversole feud, in this tragedy may revive the old feud. Ross was engaged to Feltner's sister.

A SAD CASE.

A DESTITUTE WOMAN IS AFFORDED SOME RELIEF BY A KIND HEARTED MAGISTRATE.

A case of the inexorable landlord, the class often seen in the plays, has come to light. A woman wholly destitute of resources and encumbered with the care and support of three small children, one of whom is at the point of death, resides in the north end of the city. She has had the county physician attending the child and he says it is a matter of a short time only until the child will die. In this sad plight a suit of ejection was filed by the landlord who seeks to put the woman out of doors because she is a little behind in the house rent. The woman comes from one of the very best families and is well educated.

She has no one to depend on and when she informed the kind hearted magistrate, in whose court the suit was filed, of her condition and of the circumstances he continued the suit for several days in the hopes that something to alter or remedy the case may turn up.

THE TEMPERATURE.

YESTERDAY IT WENT TO 104—NO RAIN IN PROSPECT.

Yesterday afternoon the temperature went to 104 in the shade, two degrees warmer than it was at 2 o'clock. This morning the temperature was 75, the same as yesterday, and there is no rain in prospect yet.

There has been but little rain in the entire state during the past few days, although in the south there has been considerable and in some places it has been nearly three inches.

The highest temperature today was 103 at 2 o'clock.

The weather predictions are for continued fair weather tonight and Sunday.

For indigestion there is nothing that equals Winslow's Laxative Phosphate.

THE PAY TRAIN

Its Arrival Was the Most Important Railroad Event Today.

EMPLOYEES ALL REJOICE

Switchmen are Preparing Everywhere for a Demand for Higher Wages—Supt. Wallace's New Order.

THE WRECKER SENT OUT TODAY

The Illinois Central wrecker was sent out early this morning to Calvert City where a loaded freight car, train No. 152, had become derailed. No one was injured in the accident but the train was delayed for some time by the accident.

The Illinois Central pay car arrived here this afternoon from the St. Louis division and all the local employees are rejoicing. This is the first time in many months where the pay car has come on Saturday and the merchants will have all the trade they can attend to.

Superintendent H. U. Wallace has issued an order to prohibit any others than Palmer, Wilkerson and Kirby, the transfer people, to take their hacks up to the depot platform near the depot proper. The other hack drivers have to keep past a certain line about half the distance of the depot platform. This was done presumably to enable the above firm to get all their hacks in together so that the passengers can avoid confusion in getting into the right hacks. The firm has the exclusive privilege to operate one on the trains and since they have been working the trains no trouble or mistakes causing inconvenience to the passengers have occurred.

Mr. Chas. Morris, Master Mechanic Barton's chief clerk, is now in Dawson and will return to this city Monday and resume his duties. He was down in Jackson, Tenn., but passed through the city Wednesday at noon en route to the springs.

ROADMASTER P. GALVIN WAS IN THE CITY TODAY.

Clerk McMillen, of the Osborne, is on the sick list.

Reduced rates have been allowed by Central Passenger lines for the following meetings: Brotherhood of St. Andrew, Detroit, July 24-28; Grand Council Red Men, New York, September 9-14; German Catholic Central Verein, Bridgeport, Conn., September 8-12; International Association Fire Engineers, Indianapolis, August 27-30; Catholic Order Foresters, Detroit, August 12-17; National Socialist Convention, Indianapolis, July 29-August 3.

Railroad switchmen throughout the country are said to be planning a general demand for an increase in wages. The employees of this department of the transportation business desire to have all lines adopt what is known as the "Chicago scale," which is the highest paid anywhere. At several important points requests for an advance to this standard have been made, and it is reported that the switchmen's union is preparing to inaugurate a general campaign to induce railways to pay this schedule wherever a switch engine is employed. It is said that the switchmen will not attempt strike methods to gain their point, but will carry on an argumentative campaign to obtain the desired increase.

DOING WELL AT METROPOLIS.

Pritchett and Mason, the two young men now in jail at Metropolis for the shooting of Constable Grand Rankin at Brookport several weeks ago, according to last reports are doing well and it is thought they will be able to appear for the trial in the August term of circuit court. Pritchett did the shooting and matters will go rather hard with him. If he is not convicted for the above charges he will be taken back to Benton where he is wanted for detaining a woman.

MORE HORSES

There Are Said to Be Two Needed at Central Station.

MAYOR LANG SAYS NO

Another Effort to Secure an Inspector of Electric Wires for Paducah—New Fill.

MATTERS ABOUT THE CITY HALL

The Paducah fire department needs two additional horses for the new machines recently purchased, but it is said that some of the councilmen are opposed to buying them, and that the department will be crippled by having to make out with the present horses. Nothing has yet been done towards purchasing them, and it is said nothing will be done.

If this be true it is very unfortunate. The plan proposed by the wise councilmen who oppose the purchase is to have the old truck taken out, and if it is found when the scene of conflagration is reached that the aerial ladder is needed, to unhitch, drive the horses back to the station, hitch them up to the aerial truck and take it to the fire. In the meantime the building might burn, but apparently that is a matter the council does not deem worthy of consideration.

Chief Wood says that when the aerial truck is needed most is when a fire first breaks out. It is claimed that to carry out the plan proposed by the councilmen opposed to buying the two additional horses, would require half an hour, and might give a fire such headway that great damage would be entailed by the delay.

Mayor Lang when asked what would be done today, said that no additional horses would be bought. "Five horses, four regular and one extra, are all we are going to feed at Central station," he said. "No more will be bought while I am in the box."

There is another effort on foot to have a wire inspector for Paducah. One of the recent fires, it is alleged, was caused by an electric wire, and while the fire departments and insurance men have for the past several years made every effort to have an inspector, none has ever been provided.

As the council has failed to take up the matter, it is probable that it will be asked to express its sentiments at no distant date.

The Illinois Central railroad has agreed to build the fill on its property just east of the new fill the city is building on Tennessee street, where the bridge was recently condemned. Supt. Wallace was here yesterday, and promised that he would do everything possible to comply with any reasonable request the city may make and assured the mayor that the fill will be built.

License Inspector Jarvis will probably leave tomorrow for Grayson Springs for his health, to be absent a week or longer. His work is of such a nature that it can wait until he returns.

Mayor Lang stated this morning that he will prosecute all persons who mistreat animals. He is a great lover of all animals, and says that people who witness violations of the law will confer a favor on him by reporting the same at police headquarters and warrants will be issued against them at once. He now has under consideration two cases, one in which a horse was driven to death and another where a horse was brutally beaten by a driver on the levee.

The board of health will hold a session the first part of next week. No questions other than the sanitary and the water questions will be brought up. The meeting will be of interest to the general public and the session will be held open. All caring to attend are invited.

BLOODY BATTLE

Deputy U. S. Marshal Killed By Moonshiners in Tennessee.

ANOTHER FATALLY HURT

A Big Posse Has Formed Near Monterey to Go After the Dead Man's Body.

THERE IS GREAT EXCITEMENT OVER IT

Nashville, Tenn., July 20.—The greatest excitement prevails in this section over the murder of Deputy U. S. Marshal Price and the fatal wounding of Posseman Mackey, at Monterey, Tenn., last night.

The two officers and posse had gone out after a band of moonshiners that was known to infest the locality, and soon succeeded in locating them. When the desperadoes saw that they were detected they showed fight and opened fire on the officers.

A desperate battle followed in which Deputy Price was killed and the other man mortally injured. The remainder of the posse was forced to abandon the dead officer's body on account of being outnumbered by the moonshiners.

Today a posse of 200 fearless men has been formed and an effort is to be made to recover the murdered deputy's body.

FISCAL COURT.

THE MAGISTRATES ADJOURNED YESTERDAY AFTERNOON.

Fiscal court, after a three days' session, adjourned yesterday afternoon. On account of the indiscriminate making of bills against the county a resolution was adopted authorizing no one to make purchases or contracts indebtedness for the county except the county judge, coroner, nearest magistrate in the absence of the county judge, and chairman of the county board of health, Dr. Frank Boyd.

Only a small portion of the small-pox expenses of the city was allowed. There are several thousand dollars the city claims is due it under the law, the county being compelled to pay half the expenses, but the county will allow none of it. The portion paid yesterday was for six county patients the city took care of.

Court will not meet again until October.

BAND MAN MISSING.

J. W. Brookfield, manager of the Fulton W. O. W. brass band, is missing. He left Fulton Wednesday for Mayfield to make a contract for the band, and has not been seen since he left that town.

His acquaintances here are worried over his disappearance and "hope to see his dear face once more."

Brookfield worked as a tailor for T. H. Kothe, but of late has been devoting most of his time to the band's affairs. When he left he had some of the band's money in his possession. Brookfield's friends are believing that he will show up all right.—Fulton Leader.

A SHAMEFUL CHARGE.

Upon a warrant sworn out by J. F. Thompson, his father-in-law, before Squire Roberts, in South Fulton, charging him with bastardy upon the person of Mand Thompson, his sister-in-law, Richard Wilson was Thursday evening arrested by Constable J. B. Normey at his home in the country, south of town. He was brought before Squire Roberts Friday morning and released on a bond in the sum of \$1,000 to appear in court on Monday, the 20th inst.—Fulton Leader.

TABLES TURNED

Ellis Glenn Seems to Be Getting the Best of It Now.

SHE HAS NO SCAR

The People of Parkersburg Greatly Excited Over the Sensational Turn Affairs Have Taken.

AN ACQUITTAL IS PREDICTED

Parkersburg, W. Va., July 20.—The tenth day of the Ellis Glenn trial, is over, and it marked the completion of the examination of the state's witnesses.

It took the defense only a short time to puncture and undermine the strong case that the state has made against Ellis Glenn to prove that she is the same as Bert Glenn, supposed man, who committed certain forgeries. On the question of scars on the hand and head, which the Illinois witnesses testified so minutely about as being possessed by the prisoner, Miss Agnes Riley, a lawyer's stenographer, and Charles Brooks Smith were examined. Both stated that they had examined the head and hands of Ellis Glenn carefully, and that she had no signs of scars on either her head or her hands.

Especially were they positive that the woman had no such conspicuous and large-sized scars as several witnesses for the state had stated positively that she did have. John F. Laird, prosecuting attorney, testified to the same effect.

The testimony of these three created a sensation in court, as did that of C. D. Kraft and Warren Moorehead, reputable citizens, who testified that Ellis Glenn, when she was brought to this city from Illinois was lame or had some affliction of the left leg.

But the most sensational evidence was that given by Judge J. G. McClure, one of the most prominent lawyers in the state, and that given by Charles D. Forrer, ex-city attorney. Both stated that in 1897 they had transacted business for Bert Glenn and they stated positively that the woman, Ellis Glenn, was not the Bert Glenn that they knew and who was connected with the Hoover deed of trust and note that are in this case as evidence of the forgery committed.

The complete turn in the Glenn case is the talk of the city. The public is more confused than ever, especially about the scars which the Illinois authorities testified to so minutely that the Glenn person had when she was in their keeping at Hillsboro. People are wondering, could the woman's story be true that she changed places with a twin brother, while en route from Hillsboro to the state prison at Chester, Ill., as she has all along maintained.

Predictions are now freely made that the woman will be acquitted. It is rumored tonight that Deputy Sheriff Jaynes, of Hillsboro, who is still here, has a warrant for Ellis Glenn charging her with aiding and abetting Bert Glenn to escape from prison, and that he will arrest her, if she is acquitted, and will ask for a requisition to take her back to Illinois.

Philip White, of Marietta, stated that he had been a companion of Bert Glenn in Marietta while he was there, and had gone around with him to many different places. He knew Bert Glenn was a man, and the prisoner, Ellis Glenn, was not the same person. Bert Glenn had a bluish scar on his right arm, which he has seen many times, and he had examined both arms of Ellis Glenn in Judge Jackson's office this morning, and there was no scar there. He was positive Ellis Glenn was not Bert Glenn for many reasons, which he stated.

MRS. READ'S FUNERAL.

The funeral of the late Mrs. M. J. Read will take place from the residence, 218 Madison street tomorrow morning at 9 o'clock and interment will be at Oak Grove.

VERY GOOD

Retail Trade Holds Up Well Considering the Heat.

BANK CLEARINGS INCREASE

The Receipts of Wheat in This Market are Light But Prices Strong.

THE BUSINESS NEWS OF THE WEEK

BANK CLEARINGS.
This week, \$510,101.91.
Same week last year, \$442,728.63.
Increase, \$67,373.28.

Counter business at the banks has been very active for this season of the year and the clearings show a good increase over the same week last year. Money is tighter in the money centers and the predictions are that it will be for some time on account of the movement of the crops. With some houses retail trade is holding up splendidly. A member of one of the largest retail concerns in the city in conversation with The Sun man said his business is at the least 33 1-3 per cent ahead of last year. Considering the extreme heat it must be admitted that the retail trade in Paducah is very satisfactory.

WHOLESALE.

The dry goods men are getting things in readiness for the season which opens now in a very few days. Indications are for a very good season. All the wholesale houses anticipate very satisfactory trade but are reconciled to the fact that the condition of the crops will cut a big figure in all lines.

WHEAT.

The movement of wheat is slow and receipts here are light. The market is strong at 60 cents. Hopkinsville papers report big receipts there the street being lined daily with wagons bringing in the cereal daily. Cora is nearly "out of sight" bringing more at present in this market than wheat.

CUSTOM HOUSE WORK.

INSPECTOR HOLMES HERE TO LOOK AFTER THE LETTING OF CONTRACT.

Inspector Julius C. Holmes, of Charleston, West Va., is in the city today preparing for the letting of the contracts for building the wall around the government building on the north side and for constructing the driveway, and making other improvements that have been authorized by the department. The bids were opened some time ago, but all were rejected. Monday the contract will be let at 2 p. m.

POLICE COURT.

ONLY A FEW CASES BEFORE JUDGE SANDERS THIS MORNING.

James Breckinridge, for striking Fannie Machen, was fined \$5 and costs. Tillie McKnight and Elmore Loving for using insulting language, were fined \$5 and costs each and recognized in the sum of \$200 for their good behavior.

A case against Wm. Davis for a plain drunk was dismissed.

REV. REID BAINFULLY INJURED

Rev. J. C. Reid, of the Cumberland Presbyterian church intended to go to Palma today and preach the dedicatory sermon but met with an accident last evening that caused him to cancel the date. He was preparing to retire for the night when he stepped on a needle and it broke off about half an inch. Dr. Sanders probed for the piece of steel but was unable to extricate it. The needle will probably work its way out again and except temporary pain the injury will cause him no trouble.

MEET SOON.

Prohibitionists Are Preparing to Put up a Fight Here—Convention Saturday.

Prohibition party will hold a convention in Paducah Saturday at 2 o'clock at the county court house to pass on the already nominated candidates for the senate and the first business session of the legislature. The first business session of the legislature will be the first business session of the legislature. There are several favor of candidates for representative and the names will be selected before the convention will be the first Prohibition for the purpose of representatives and senators the district and will not be attended. It is possible the convention will meet again until a later date but not a certainty.

DISLOCATED.

AL AND PAINFUL ACCIDENT TO MRS. CLARK.

At 715 Jones street, she fell last night on the excessive heat and at 1 o'clock this morning in her bed and awakened. She opened her mouth when she attempted to get up and found that she was unable to do so. Filled that her jaw was dislocated and Dr. Hossig was summoned and set the jaw back. The accident caused her pain until the physician but she is now better.

A man's conscience seldom troubles him when there seems to be no danger that his wife will find out about it.

SATURDAY, JULY 20, 1901.

Fiscal court has taken a stand against autopsies. It decides that unless an autopsy is absolutely necessary none should be held. If one not necessary is held, the county will hereafter refuse to pay for it. This suggests the question who is to decide when an autopsy is necessary, the coroner or the magistrates? He is expected to visit each one of them and ask advice when confronted with a case in which he deems an autopsy necessary? It is generally held in other places that autopsies are as necessary as coroners. One is merely the means by which the other reaches an end. The coroner is expected to inquire into all deaths, not certified to by a physician and decide the cause. This cannot be done nine times out of ten except by an autopsy. Every death that is in any way mysterious or suspicious ought to be investigated, and if an autopsy is necessary an autopsy ought to be held, no matter how much it costs the county. If the coroner hasn't judgment enough to discriminate in such cases and order autopsies only when they are necessary or advisable, the people should elect some one to take his place and do the work in a more satisfactory manner. In the absence of any evidence that unnecessary autopsies are held, the bills ought to be paid without a wrangle.

Yesterday people on the levee were regaled with one of the every day spectacles of an inhuman driver cruelly beating a mule in the face with the butt of his whip because it could not draw an overloaded wagon up the hill. Strangers who come to Paducah and see the treatment accorded beasts of burden and other animals are astonished at the seeming lack of feeling in a people that countenance and encourage such wanton cruelty. One case is reported where a man who had driven his horse up to a fountain took umbrage at the animal's accidentally getting his foot caught in the fountain and drove it off without giving it water. Another man who was driving a horse that died claims that the animal was overworked and sick, told him to drive him until he dropped and he did it. Captain Joe Fowler, who is forced daily to see such practices on the wharf has long agitated the humane society question, but unfortunately has been unable to achieve any satisfactory results.

The dispatch from Washington printed yesterday expressing surprise that Kentucky is so far behind other states in the matter of establishing rural free mail delivery should arouse the people to a proper appreciation of the advantages that are theirs if they but want them. With only thirteen routes in the state against the hundreds in other states, the showing is one that does not do Kentucky much credit, and active steps should at once be taken to have free delivery in all the counties. It is not only a great advantage to the farmers but insures good roads wherever in route. Efforts are now being made to get it in McCracken county and a route is soon to be established. Other counties should follow suit.

Col. J. R. Lemoine, of the Mayfield Messenger, seems to be having his trials and tribulations just the same as other mortals. He says they are very trying on his judgment, as well as patience, and during the three months he has been there he has received twenty-two letters on as many different subjects, all suggesting that he do something that he doesn't want to do. Col. Lemoine is too old a hand

in the business, however, to evince so much surprise. It's a part of the newspaper man's life to be blessed with such pleasant vicissitudes.

Judge Sanders has not decided that gutters can be made the receptacle of filthy water. There are strict laws against nuisances, and whenever a gutter becomes a nuisance and the people affected by it care to do so, they can swear out warrants and a fine will have to be assessed, if the sanitary officers and health authorities did their duty they would get warrants in all such cases of which there are plenty.

The Populists have apparently concluded that they have nothing to expect by toadying to the Democrats. They are reorganizing everywhere with the intention of "going it alone." They will form no more combinations with a forlorn hope of being tied over into power on the wave of Bryan fallacies. They can get as much by keeping in the middle of the road.

A contemporary has discovered an "awful" gutter or two in which every conceivable kind of bacillus is bred. Wonderful! If the trouble were taken it would be found that about two-thirds of the gutters in the city are in the same condition, and nothing is being done to clean them.

INCORPORATIONS.

AT FRANKFORT.

Frankfort, Ky., July 20.—Incorporation articles were filed in the office of the secretary of state this morning for the Gray Oil Company, of Lexington. It has \$25,000 capital and J. A. Greary and W. J. Allen are the chief incorporators.

Similar articles were filed by the E. L. Ogden Oil and Gas company, of Somerset. It has \$5,000 capital and H. R. Bartlett and E. L. Ogden are at the head of the company.

The Mayfield Coal and Ice company filed amended articles increasing its capital stock from \$12,000 to \$18,000.

Gaskins of Baroda's Guns.

The gun of Baroda, an Indian prince, has a battery of artillery consisting of gold and silver guns. There are four guns, two of gold and two of silver. The gold guns were made in 1874 by an artisan of Lakha, who worked on them for five years. They weigh 400 pounds each, and, except for the steel lining, are of solid gold. They are mounted on gun carriages of carved wood, overlaid with silver. In 1875, when the gaskins went to Bombay to meet the Prince of Wales, he took the gold guns with him to salute the prince, and that was the only occasion on which they have been allowed to leave the state of Baroda.

THE UNIONS.

THE WEEK'S HAPPENING IN UNION CIRCLES.

Central Labor Union Elects Officers—Press Committee to Be Appointed—Labor Day Committee

The Central Labor union met Thursday night and elected the following officers: President, Sam Simon, Leather-workers', re-elected; recording secretary, W. F. Davis, Plumbers'; financial secretary, George Johnson, Clerks'; treasurer, William Robertson, Plumbers'; trustees, A. Allen Printers', J. D. Lasley Barbers'. The president, Mr. Simon was re-elected and should consider the tribute an honor. He is one of the foremost union men and a hard worker for the welfare of the unions. In the past several years he has worked diligently and has succeeded in making Paducah one of the best union towns in the state. For her size there is probably not another city in the state that has any more unions or that takes any more interest in union work.

The Painters' union have elected officers as follows: P. R. Collins, president; A. J. Glenn, vice president; Samuel Holland, financial secretary; S. Holder, recording secretary; James Woods, warden; B. F. Farrow, preceptor, and Mr. Laidy, conductor.

The committee on arrangements for the Labor day celebrations held a meeting last night and started the ball rolling on the program. The boys intend to make this the best Labor day celebration ever held in the city and will spare neither trouble nor expense to make it so. The unions will exhibit more activity since the elections in the Central Labor union has been held and important developments are expected. The celebrations this year will be extensively advertised out of the city and will no doubt be well attended by people from the neighboring cities.

The next meeting of the Central Labor union will be held the first Thursday in August and at this meeting the many standing committees will be appointed by President Simon. One new committee that will be appointed is the press committee, which will furnish the news of the meeting to the daily press. In this way all the news of the unions will be given out and there will be no chance to get "dates mixed." This feature will aid in many ways the progress of the union and is a good move on the part of Mr. Simon who first started it.

The Blacksmiths met last night and initiated Messrs. Bud Nance, of the Love Blacksmith shop and C. H. Look of the Illinois Central shops. The membership of the union is on the increase and the enrollment now shows thirteen names.

Mr. Roy Cutley returned this week from Buffalo where he went as a delegate to the International Convention of the Retail Clerks' Protective Association. He reported a very successful meeting. The attendance for the entire week the convention was in session averaged 200 from all portions of the state. The universal closing hour was one of the most important questions brought up for discussion but nothing definite was done. The matter will be left entirely with the individual unions and the work will still be pushed here. There was an attempt made here several weeks ago to adopt 6:30 o'clock as the closing hour but few of the merchants would consent to the arrangements. Mr. Will Cochran had begun to close at that hour and it is more than probable that others will follow suit. Several very important laws for the bettering of the union and also the general welfare of the retail clerks were enacted. The meeting was the most successful

TO ALL PERSONS HAVING FARMING, TIMBERED, OR MINERAL LANDS, OR WATER POWERS FOR SALE.

The Nashville, Chattanooga St. Louis Railway proposes to use its best efforts to induce a good class of immigrants to settle in territory contiguous to its lines and to engage the attention of capitalists seeking Manufacturing Sites or Mining Property. It therefore solicits the support, the co-operation and the assistance of the people of every county through which its lines pass. The management earnestly requests that all persons who have farms for sale or lease, those who have timbered lands, water powers or mineral lands for sale, will send a brief description of the same to the railroad agent nearest them, giving the prices and terms of sale. The price must correspond with the prices asked of local buyers. The management does not propose to aid in selling land to immigrants at exorbitant or speculative prices.

Large tracts suitable for colonization, at low prices, are especially wanted.

MODERN DESPAIR.

(Dedicated to the Summer Girl.)
He used to fancy she would see him next
With blossoms heaped about his quiet head;
That she would kneel repentant at his side,
And mourn her scorn too late when he was dead.
He did not die; but when they met next year
His woes and wrongs again burst into flame;
He longed to score her now with stinging words,
But he, alas, could not recall her name! —Anne Reeve Aldrich.

THE SEAMY SIDE OF IT.

A Fable.
Behold now it cometh that the time is upon us when the chief woman of the household calleth her children to gether as a bonny gathering, her brood under her wings, and departeth with them into the Far Country of the Summer Resort.

Peradventure the far country may indeed be in the remote region beyond the mountains, or it may chance to be only a few furlongs away, but wherever it lieth the chief woman and her children, before they can reach it, must cross over the river of Solid Comfort, which divideth the land of Plenty from the region of the Summer Resort, where all things are barren and full of sorrowful complaints.

Howbeit the chief woman and her children goeth gladly into this barren land, with songs and lunch baskets and rejoicing of heart. They have seen pictures of the Summer Resort habitation, surrounded with great trees and much green grass, and built around about with many porches, and the appearance of great revelry. The chief woman findeth it a weather-beaten place of forbidding look. The great trees were even swept away by the storms of the winter season and the swine that fatten in this summer land have fed upon the grass that grew as the green bay trees—in the picture. The porches she findeth to be few and wobbly, and in all the land she can see no revelry at all, though she searcheth for it diligently. She gathereth her children into two small rooms where the temperature mounteth to fever heat, and setteth them to fight valiantly against the wild hordes of mosquitoes which would even take the place of her habitation within her. Her soul waxeth sorrowful within her, but because of the contention she erstwhile had with the Mighty Man of the house, her husband, whose shekels even now burn within her pocket, about coming to this place. She driveth back the tears, and when she calleth up the pride of her soul to sustain her, she seeth herself to write to this Vessel of money-making and contention.

She telleth him that she hath gained in flesh and the children are increased in stature and in grace, and she abstaineth from dwelling on the habitation and the mosquitoes that abide therein. She resolveth that she will also stay in this place a whole month, as she started out to do. She maketh up her mind that she will. But as the days go on she findeth it more and more a hard task, and her heart lieth heavier within her. The flesh shrinketh away from her bones daily, and though she calleth aloud for food there cometh from the hard-hearted ruler of the Summer Resort but a scant return. Her daughter eateth blackberries in the road and cometh home with the cramps. Her boy feasteth on another man's green apples and melons, and her shekels go to restore the angry man's loss. The wild cow of a nearby tribe chaseth her son into a nearby tree, where he remaineth undiscovered for a whole day and night, and while he finally walketh home a deadly snake ariseth from the ground and biteth him on the leg. Her daughter falleth into the creek and cometh down on a bed of sickness, and only the mosquitoes of this forsaken place wax fat and see contentment in their days.

The Chief Woman's heart overfloweth, her cup of anguish runneth over. Again she gathereth up her snake-bitten, fever-stricken children and with them lieth back to her own habitation and her husband, where she remaineth in peace and safety, seeing only contentment and joy in her days for a

whole twelve months, until the time cometh when the desire for the Far Country taketh hold of her again. —Nashville American.

A GENERAL LASSITUDE.

Society has been more nearly at a standstill this week than her record here often shows. Just why, though, is one of those inexplicable whims that govern her vagaries, and make us prone to feminize her, for while it has been "somewhat warm" it is not more so than previous weeks when the gaiety has been greater. Perhaps those who are seeking rest (?) abroad should feel immensely flattered at the unusual quiet, for while there is a noble contingency of the social world at home, and the guests are not a few, they surely must be Society's main-spring as there is no "go" without them. No one seems equal to the being up and doing, the strenuous life has been absorbed by the strumous heat. Even the younger set has begun to slacken in "the pace that kills." All this may be due to our beginning to feel the effect of the heat more, the lassitude has set in, and as the mind of the society reporter runneth to nothing, we can appreciate and have a fellow feeling for the general dullness.

COMPLIMENTARY TO

MISS NELL HOLLAND.

The picnic supper, dance, and theater party given at La Belle park on Tuesday evening by Mr. and Mrs. Eli Boone in honor of their guest Miss Nell Holland of Atlanta, Ga., was a most delightful occasion. Quite a number were in attendance and the evening's "threefold pleasure" was enjoyed to the fullest by the delighted guests.

Mr. and Mrs. Boone were assisted by Mrs. James L. Bethshares and Mrs. May Riecke, and those present were: Miss Nell Holland of Atlanta, Miss Anita Wood of Wichita, Miss Nell Parks of Nashville, Miss Elizabeth Gregory, of Leitchfield, Misses Ada Brazelton, Clara Thompson, Hallie Hisey, Helen Decker, Faith Langstaff, Ethel Brooks, Blanche Hills, Emma Neuhau, Susie Thompson, Marjorie Scott, Ida Leake, Frances Wallace, Nell Hennberger, Frances Terrell, Lillian Gregory, Messrs. Morton Hand, Linn Hand, Calhoun Riecke, Robert Wallace, Vaughan Scott, Charlie Riecke, Roscoe Reed, Edward Toof, Charles Boyd, Cecil Lacy, Frank Judd, Ollie Allard, David Koger, John Brooks, Herbert Wallerstein, Horace Sowell, J. Henry Orme, Ben Franks, Hovions Herring, Vaughan Dahney.

PICNIC SUPPER AT

LA BELLE PARK.

Among those who sought the shades of La Belle park for coolness and pleasure on Tuesday evening, was a pleasant party composed of Messrs. and Mesdames Charles Q. C. Leigh, Samuel T. Hubbard, Mrs. Mary Leigh, Mrs. Minnie Herndon, Misses Ora V. Leigh, Sallie Stanley, Capt. Thomas H. Herndon, Mr. John Wilhelm, little Misses Allie D. Foster and Mary Leigh, Masters Carl Leigh, Leslie Puryear, Harry Wolf and Lorenzo Emery.

A delightful supper was served and the evening was much enjoyed.

PADUCAH AT CERULEAN.

Cerulean Springs has been the Mecca for many of Paducah's social favorites of late, and from all accounts they have been much admired there and have added greatly to the gaiety and the charm of its life, winning new laurels for Paducah thereby. They in turn are quite enthusiastic in their praise of the place, and even the most reliable of them tell stories hard to credit of nights so cool that the windows had to be lowered for comfort and extra cover added. From the many and varied experiences enjoyed by our representatives there Cerulean must be an ideal combination of the social pleasures of the summer resort and the freedom of the country house of party.

A gay society crowd chaperoned by Mrs. Mildred Davis returned from Cerulean on Thursday. They were: Mrs. Birdie Campbell and son John, Misses Julia Scott, Martina Davis, Myrtle Decker, Minnie Terrell, Hattie Terrell, Messrs. Louis Riecke, J. T. Edson, Hart, Frank Boone, Everett Thompson, Edwin Wilson, Frank

Davis.
Mrs. W. E. Cave and family did not return with them, but will probably remain at Cerulean during Dr. Cave's stay in Texas.

U. D. C. MEETING.

The United Daughters of the Confederacy held a pleasant meeting with their president Mrs. Victoria Thompson on Tuesday morning. It was a called meeting and the object discussed was the organization of chapters in the surrounding towns for which they had an urgent call from the state president. Mrs. Thomas E. Moss was appointed to see that a chapter was organized at Clinton, Miss Elizabeth Sinnott at Eddyville, and various others who have friends in the near towns will take them in charge. At this rate the work will soon be well arranged in this part of the state.

A letter of thanks for flowers sent by the Paducah chapter to decorate the Confederate graves at Camp Chase, Ohio, was read.

THE MUSICAL CLUB.

The organization of the Paducah Musical club was perfected on Monday evening at the home of Mrs. Hubbard. Wells and it promises to be one of the most delightful and popular clubs in the city. Mrs. Hubbard S. Wells is the president. Prof. Harry Gilbert, vice president; Mr. Edwin J. Paxton, recording secretary; Miss Ada L. Brazelton, corresponding secretary; Mr. Emmett Bagby, treasurer, and Miss Virginia Lesh, librarian. Mrs. James Weille was made chairman of the program committee and Miss Ada Brazelton of the committee on constitution and by-laws. These are all lovers of music and with a knowledge of it beside and are accustomed to success in whatever they undertake, so the future of the club is assured. A membership of thirty-five is already enrolled which is an excellent beginning. The club will take up a course of study in music along varied lines, and will be both enjoyable and helpful. A meeting will be held on Monday evening with Mrs. Wells again, to consider the constitution and by-laws, and make further plans.

A BROOK HILL PARTY.

A delightful pleasure party which helped to save the week from the imminent dullness was the sail on the Brook Hill on Friday evening. It was in honor of Mr. Fred Nahn, and Mr. Floyd Nahn of Bowling Green, and was a most enjoyable occasion. Music lent a charm to the evening on the water, and Miss Louise Bracken's delightful voice contributed greatly to the pleasure. The party consisted of: Mesdames Walter Johnson and George Flournoy, Misses Myrtle Decker, Martha Davis, Mabel Riecke, May, Minnie and Hattie Terrell, Mary Boswell, Louise Bracken, of Dversburg, Arnie James of Evansville, Messrs. Fred and Floyd Nahn, of Bowling Green, Roy Culley, Ed Clark, Tom Hall, Evert Thompson, Edwin Wilson, Edson Hart, Henry Rudy, Abe Weil, Charles Olcott, Frank Boone, Louis Riecke, James Campbell, Ed Paxton.

ABLE CHIROGRAPHY.

Gladys Helene Montague, her transparent gold ochre hair glittering in the sunlight, sat at her mahogany desk writing her answer to Reginald Fitzmaurice's proposal. Gladys' chirography was of the fashionable young ladies' seminary style, with three characters to perform the duties of twenty-six, says the Detroit Free Press.

My Dearest Girl:
Your answer has made me the happiest man in the world.

How did I dare hope that you would stoop to bless such as I? I pray God that I may be worthy of you my darling.

My Dear Miss Montague:
On Wednesday I sail for Europe. If at any time you should change your mind, a word from you will bring me to your side.

My address will be Brown, White & Co., London. Faithfully yours,
REGINALD FITZMAURICE.

Dear Gladys: After a sleepless night spent in the vain endeavor to decipher your note I have written these two answers.

Will you kindly return immediately the one which does not fit the occasion.

I can not stand the strain much longer.

REGINALD.

ABOUT FOLKS.

Miss Margie Crumbaugh left this week to visit her brother, Mr. Lee

Crumbaugh and family in Springfield, Mo. Mrs. Will Gilbert, Misses Lulu Reed and Florence Yeiser accompanied her as far as Cairo, making the round trip on the Dick Fowler.

Miss Mary Harrison and Miss Lottie Shore, both of Memphis, who have been the pleasant guests of Mrs. J. R. Dorris of Jefferson street, returned home this week.

The Misses Annie and Elizabeth Street are visiting in Memphis, Tenn. They will, also, visit in Missouri before their return home.

Mrs. Mattie Rouse, who has been quite ill for some time, is improving, and will leave tomorrow for Shepherdsburg, Ky., to visit relatives and recuperate. Her friends here are hoping great benefit for her.

Announcement has been made of the marriage of Mr. Claude Hamilton, son of Mrs. W. B. Hamilton, and formerly of this city, to Miss Limoth Cheatham of Richmond, Va., on July 24. It will take place at the Grace street Baptist church of Richmond, and the wedding trip will be made to Paducah.

REFLECTIONS OF A BACHELOR.

A woman is "sweetly reasonable" when she is reasonably sweet.
Love your neighbor and do good to them that tell your wife what their husbands have told them about you.

It is one of the ironies of life that a woman never has enough faith in her husband until she has too much.

When Eve bit into the apple she probably told the snake she was tired of forever taking her husband's advice.

As far as appearances go, a woman will act more comfortably while her heart is bleeding than she does when she has a hang-nail.

Immense Herring Traffic.

The annual North sea herring voyage, which begins off the Northumberland coast, has resulted, on the completion of the first stage, in a catch of over 50,000 crans of herrings, valued at about £70,000. A cran contains, according to size, from 600 to 1,000 fish. As the fish move southward, the big fleet of several hundred sail follows, and it is now making its headquarters at Grimsby, whence its operations will shortly be transferred to Yarmouth and Lowestoft, where the fishing continues until Christmas, and affords employment to many thousands of both men and women, says Tit-Bits. Last year at Yarmouth alone no fewer than 218,000,000 herrings were landed, and as this year steam fishing boats have largely replaced sailing vessels, it is expected this great total will be far exceeded, for in a single week 12,000 crans have been taken on the northern grounds, giving a return of over £14,000 to the fishermen.

Diseased by Eating Dead Rats.

One whole family and two guests were the other day afflicted with trichinae poisoning from eating sausage, in Nicollet county, Minn. A microscopic examination of some of the muscular tissue from one of the bodies confirmed the diagnosis of trichinae poisoning. The hog whose raw flesh was used in the sausage, after being merely smoked, was killed and killed and is supposed to have contracted the disease by eating dead rats. It is said by the physicians that rats are almost always afflicted by the disease, and that rats often die of it after eating them.

TIMELY RESCUE

JOHNNIE WELCH CAME NEAR JOINING THE ANGELS

Yesterday—He Went Beyond His Depth and Sank. Four Times Before Rescued.

Johnnie Welch, of North Seventh street, a nine year old boy, employed at the Cohasus Co., came near being drowned late yesterday afternoon near the Illinois Central incline below the city.

He and several companions about his own age were in swimming when he ventured beyond his depth and went under four times before he was caught and pulled out by four or five of the other boys. It required considerable time to resuscitate him, but he is today well, and a sadder and wiser boy.

SMALL BLAZE THIS MORNING.

The fire department was this morning about 10 o'clock called to the home of Mrs. Fliegel, near Sixth and Clay, to extinguish a small blaze in the roof. It originated from the stove and the damage will amount to only a few dollars.

THE ALLIARD LOSS.

The total loss in the Allard fire at Brookport has not been estimated but the following is a list of the contents that were destroyed: Eleven head of horses, four cows, ten hogs, and farm machinery, last year's crop of hay, corn and all the chickens amounting to several dozen. Mrs. Allard held a policy for \$500 on the barn but the tenant of the farm, Jerry Crumbaugh, colored, held no insurance. The fire is supposed to have originated by a crack in the chimney which had been smoking and who had probably left a spark from their pipe.

PROF. MIZE

FORMER PADUCAH FAVORITE ISSUES A HOT CHALLENGE.

He Desires to Fight the Winner of Monday's Bout for a Contest Here Today.

Prof. J. E. Mize, well known pugilist and former instructor at the Paducah Athletic club was in the city today challenges the winner of the Heller-Alabama Kid bout to be pulled off here Monday night. Prof. Mize needs no introduction here as he is well known and one of the best fighters ever brought to this city. He is at present foreman in the mines at Wheatcroft, Ky., and has a big class in athletics at that place. He is in the best condition and wants to fight on a side bet. He says he will fight either men at any time and at any place, either here or at his present home.

Prof. Mize's record is clean and he will put up a straight fight. Since his departure from this city he has won several contests the following being among them: Three round bout with "Kid" Harris, of Lexington; two round bout with Bob Walters, colored, of Nashville. This fight was fought with skin tight gloves but the Paducah favorite experienced no difficulty whatever in putting his opponent out; three round bout with Alie Rivers, formerly of Cairo at Sturgis, Ky.; and two rounds with — Keys, at DeKoven, Ky.

Naves of Italy and Germany. In fifteen years—1885 to 1900—Italy spent on her fleet \$300,000,000, and yet the Italian navy does not come up to half the strength and efficiency of the German fleet, on which during the same period of years \$338,000,000 was expended.

MINSTREL MAN.

MART BEATTY, A PADUCAH BOY, SCORES A SUCCESSFUL SEASON.

Mr. John Beatty received a letter from his brother, Mr. Mart Beatty, who has been traveling with the Ward minstrels as a baritone singer, saying that the season closed this week in Lafayette, Ind., and that he is now on his way to Chicago to accept a position in one of the big summer theater parks in the Windy City. He has been in the show business ever since he left this city, more than two years ago, and has made a big success as a singer.

HOGS SICK.

MANY DYING THROUGHOUT THE COUNTRY.

There are many sick hogs in the country and the animals are dying off rapidly. They are mostly afflicted with cholera and quinsy. The heat is also a big factor in the amount of sickness among the swine. A well known physician who has made several trips through the county during the past week, says he has never before seen so much sickness among the hogs and that it does not abate the public will suffer greatly for pork in the coming winter.

FIRE AND RUNAWAY.

ELITE BOWLING ALLEY SLIGHTLY DAMAGED BY FIRE.

The Elite Bowling Alley, in the old Van Culin building on Broadway between Third and Fourth streets, suffered a slight damage from fire this morning about 6 o'clock. The fire originated presumably from a cigar stump left in the tobacco box, and a small hole was burned in the floor near the front railing, a few feet from the door. Several pieces of furniture and the railing were damaged. The total damage however, will not exceed \$25 or \$30 and is covered by insurance.

When the department left the Central Station one of Kreutzer's broad wagons was standing on the corner and when the truck dashed by the horse attached to the wagon became frightened and dashed off up Fourth street. The animal was stopped however by Mr. Dick Wall, one of the firemen, who bravely jumped off the truck and caught the runaway before any damage was done.

TO MARRY.

License was issued A. Street, colored, age 50, twice married, and Bell-Hurt, age 30, twice married, both of this city, this morning.
